

# MEDICAL EQUIPMENT PLANNING

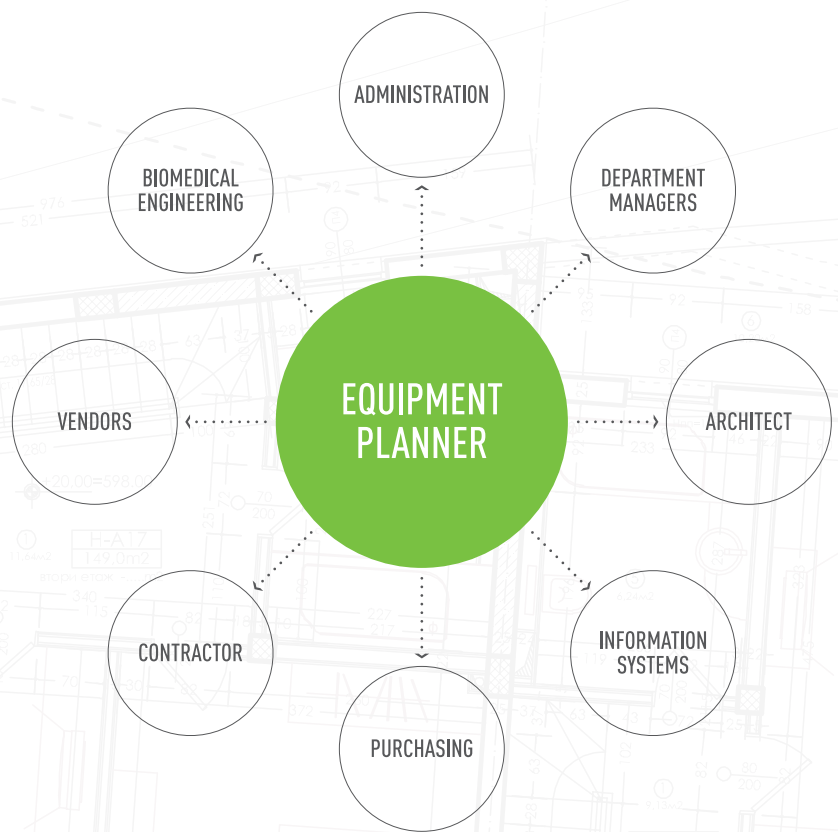

## COMPANY PROFILE

The Walsh Consulting Group provides medical equipment consulting to the healthcare industry. Clients receive objective advice, as well as creative solutions for keeping their projects on schedule and within budget.

The firm is comprised of senior level consultants with diverse healthcare experience. Our consultants bring a national planning perspective to your consulting engagements and have delivered services for projects ranging from small clinics to large university replacement hospitals.

## MISSION

TO PROVIDE HIGH QUALITY & OBJECTIVE MEDICAL EQUIPMENT PLANNING SERVICES TO MEET THE EVOLVING NEEDS OF OUR HEALTHCARE CLIENTS.

## EQUIPMENT CONSULTING SERVICES

Medical Equipment Planning for healthcare construction involves the selection, specification, and procurement of medical equipment, taking into account the client's required level of technology, program planning objectives, and project budget.
